

322 SCHOOL DAY

The Board shall schedule the hours of a normal school day, as required by state law. In establishing the schedule, comments from parents, staff and school district residents on proposed rules and schedules of hours may be heard, and any past public complaints shall be considered by the Board. It is recognized that schedules will differ from building to building based on variables such as grade level, transportation issues and location.

Upon approval by the Board, the schedule of hours of a normal school day will be communicated to parents, the community at large, and the media.

The District shall annually schedule and hold at least 1,050 hours of direct student instruction in kindergarten through grade 6, and at least 1,137 hours of direct student instruction in grades 7 through 12. The school hours shall be computed according to guidelines as developed by the Wisconsin Department of Public Instruction.

The Superintendent shall closely monitor compliance with the schedule of the hours of a normal school day and recommend to the Board any actions necessary to comply with this policy and applicable law.
