

422 ADMISSION OF NONRESIDENT STUDENTS OTHER THAN NON-OPEN ENROLLMENT STUDENTS

Students from other school districts may attend the schools of our district by approval of the Board, so long as there is room for them without undue crowding, and they or their sending district pays a tuition fee to be established by the Board in accordance with state law. A new state law establishes a statewide tuition rate for parents that is based on the statewide average per student cost in certain areas.

The School Board shall permit a pupil who was a resident of the school district on the 3rd Friday in September or the 2nd Friday in January of the current school year and who has been enrolled in the school district for at least 20 school days during the current school year to complete the current school year at the school he or she is attending without payment of tuition, even though the pupil is no longer a resident of the school district. The Board may permit a student who is enrolled and is a resident of the school district at the beginning of the school year to complete the school year at the school he or she is attending, without payment of tuition, even though the student is no longer a resident of the school district.

The School Board shall permit a pupil to whom all of the following apply to attend school in the school district in the current school year without payment of tuition:

1. The pupil was a resident of the school district on the 2nd Friday in January of the previous school year.
2. The pupil was enrolled in the school district continuously from the 2nd Friday in January of the previous school year to the end of the school term of the previous school year.
3. The pupil ceased to be a resident of the school district after the first Monday in February of the previous school year.
4. The pupil continues to be a resident of this state.

Upon written request of a student's parent or guardian, the Board shall permit a student who has gained twelfth grade status at Lincoln High School and is a resident of the school district at the time of gaining such status, to complete twelfth grade at the Lincoln High School without payment of tuition, even though the student is no longer a resident of the school district.

The Board may permit a foreign exchange student to attend school in the school district without payment of tuition.

The School Board is not required to enroll a student during the term of his/her expulsion from another school district.

Determination of optional tuition waivers shall be made by the district administrator or designee, with subsequent Board approval, after consideration of classroom enrollments, family circumstances, personal, social, and emotional history, academic standing, past history, etc.
