

# How to set up Skylert Notifications in Skyward Family Access

Log in to your Family Access account and select “Skylert” from the left menu bar:

You will see the screen below. This shows your current settings for receiving notifications. The only setting you cannot change is the primary phone attendance setting. Attendance calls will be made on a daily basis for students who have an absence that has not been called in. This is a district setting and cannot be disabled by the guardian.
