

*WRPS received tragic news this morning...*

As many of you may be aware, the District received tragic news this morning about the sudden death of individuals from one of our WRPS families. Our collective thoughts, care and concern go out to everyone who has been impacted by this very sad news. School District officials are communicating with law enforcement as the appropriate agencies are investigating the details surrounding this tragedy. As such, District employees have been asked not to comment about this matter while it remains under investigation. While there is no additional information for us to share at this time, we wanted to reassure parents that there is no threat to students or staff in the District, and no WRPS schools are currently on lockdown.
