

■ WHAT IS THE ADVOCATES FUNDING PROGRAM?

The *Advocates for WRPS Education Fund* is dedicated to enhancing students' educational opportunities. Advised by a volunteer committee of local community members, and working in partnership with Incurage, the role of the Fund is to augment, supplement and complement programs and activities currently provided by the Wisconsin Rapids Public School District. Contributions to the Fund will supplement, but not replace, the generous support provided by booster clubs, PTOs and other vital organizations within our public schools.

The Advocates funding program consists of funding to enhance opportunities for student learning and additional training and advance the mission of WRPS. Examples of how grants from the Advocates Fund might be used include: curriculum initiatives or supplements; teacher/staff development and appreciation; learning resources; pilot programs; academic and career enrichment opportunities.

■ APPLICATION CRITERIA

WHO MAY APPLY? School district staff, or any community member in partnership with an educator for grades 4K - 12 may submit an application.

WHAT FUNDING REQUESTS WILL BE CONSIDERED?

- Requests can be up to \$1,000 for projects that benefit students and staff in any Wisconsin Rapids Public Schools academic discipline or co-curricular activity.
- Requests also can be made in support of educational efforts or training of any students, employee, or affiliate participants (i.e. volunteer coaches/advisors).
- As a general rule, funds will not be granted for operating expenses, teacher stipends, travel, or consumables
- **NOTE: TECHNOLOGY AND SOFTWARE PURCHASE PROPOSALS must go through the WRPS Technology approval process BEFORE your funding application is submitted to Advocates for WRPS.** Use the district's *Technology and Software Purchase Request Form*: <http://media.wrps.org/Technology%20fill%20in%20form%20Version%202.docx>.

■ FUNDING PRIORITIES

APPLICATIONS/PROPOSALS ARE EVALUATED ACCORDING TO THE FOLLOWING CRITERIA:

- How this project expands, improves, or enhances current practices.
- What other funding sources have been applied for or received.
- How the project correlates with school or district curriculum and instructional goals.
- Whether the project will be implemented in one year or less and provides evidence of sustainability.
- There is an evaluation plan.
- The project displays potential for replication within the school district.
- The request shows a direct link to student skills and knowledge acquisition.

Note: Proposed projects should support the mission of the WRPS District: *Working together with home and community, we are dedicated to providing the best education for every student, enabling each other to be a thoughtful, responsible contributor to a changing world.*
