

WRPS

Elementary

2019

It's Time to Register for the 2019 Summer School Program!

Online Elementary Classroom Registration

As you review the course booklet, you will notice that we have added some new classes as well as enhanced some courses to better provide for more “active” learning experiences.

For questions regarding Summer Courses, contact: Tim Bruns, 715-424-6766

**For questions regarding Registration/Scheduling, contact: Jean Westover,
715-424-6715**

**Mr. Craig Broeren, Superintendent of Schools
Mr. Tim Bruns, Principal**

MISSION STATEMENT

It is the policy of Wisconsin Rapids Public Schools to provide appropriate instruction during the summer at both the elementary and secondary levels. Summer School should be an integral part of the total school program offering a balance of courses which may be academic, enriching, remedial and applicable to the special needs of the pupils residing in the Wisconsin Rapids attendance area. Registration shall be open to all pupils. However, entrance requirements (such as grade levels) may be imposed for some classes and attendance in others may be required for some pupils. The Summer School Program will be reviewed annually and classes added or dropped depending on the needs of the pupils residing in the District.

NON-DISCRIMINATION POLICY

It is the policy of the Wisconsin Rapids Public Schools, pursuant to s.118.13, Wisconsin Statutes and PL-94-142, that no person, on the basis of sex, race, religion, national origin, ancestry, creed, pregnancy, marital or parental status, sexual orientation, or physical, mental, emotional or learning disability, may be denied the benefits of, or be discriminated against in any curricular, extra curricular, pupil services, recreational or other program.

This policy also prohibits discrimination under federal statutes, including Title VI of the Civil Rights Act of 1964 (race and national origin), Title IX of the Education Amendments of 1972 (sex) and Section 504 of the Rehabilitation Act of 1973 (handicap).

GENERAL INFORMATION

BUSING QUESTIONS OR CONCERNS

CONTACT Mike Mertz at Safeway: 715-423-1117

Bus transportation will be provided for elementary students who live within Wisconsin Rapids Public Schools (WRPS) attendance boundaries and reside outside boundaries of the school sites selected for summer school. Please be sure to indicate what your child's busing needs are during the registration process.

Please Note: Students using summer school transportation will be required to comply with Safeway and Lamers Bus Companies safety expectations for riding a school bus and display respect toward other students. Failure to meet each of these expectations will result in bus conduct reports being written and riding privileges will be suspended.

Who can register for Summer School?

All students who enroll in the WRPS Summer School Program must have either attended the public or parochial schools as a registered 5K – 5th grade student, lived within WRPS District boundaries during the 2018-2019 school year, or currently reside within the District boundaries and/or participate in a home schooling arrangement. Students who register for the 2019 Summer School Program must register for courses according to the grade level they are in during the 2018-2019 school year; they do not advance to their next grade in summer school. **No 4-Year-Old Kindergarten courses are offered at this time.**

(If online registration is not possible for your situation, please refer to the registration Open House schedule printed on page 6 for dates, times, and locations.)

FEES

There is no fee, or charge, for any resident or open enrolled student registering for a WRPS summer school class. However, it is very important that if you register your child for classes, they attend. Staff is hired and supplies purchased to meet the number of students who are registered. If your child fails to attend, the District will not receive financial support from the State for your child, while spending funds unnecessarily on staff and supplies for a child that does not attend.

ATTENDANCE

Except for emergencies, students are expected to attend all summer school classes. This program is funded through a formula that is based upon student attendance. Whenever a student does not attend the classes they are scheduled for, the funding is reduced. Therefore, we ask for your cooperation in seeing that your child attends each day. We ask that parents contact the school office any time their child will not be attending a class. In the event of emergencies, parents should contact the office of the school in which the student's summer school classes are scheduled. Students who fail to meet attendance expectations will be dropped from the course.

DRESS AND CONDUCT

Students are expected to follow the same standards of dress and conduct as those which are in effect during the school year. Failure to demonstrate proper behavior in summer courses or with other students may result in a student being removed from summer school.

NON-RESIDENT STUDENTS

Students who do not reside in the Wisconsin Rapids Public School District are welcome to attend summer school. The tuition will be \$50 for one (1) class for a three (3) week session, or \$100 for two (2) classes for a three (3) week session. Transportation will not be provided to students who are not residents of the Wisconsin Rapids Public School District.

GENERAL INFORMATION

Site Locations: Grove Elementary (K-2) and Lincoln High School (3-5)

DUE TO CONSTRUCTION AT WOODSIDE AND WASHINGTON SCHOOLS, SUMMER SCHOOL CLASSES WILL BE HELD AT GROVE SCHOOL (K-2) AND LINCOLN HIGH SCHOOL (3-5). CLASSES AT LINCOLN HIGH SCHOOL WILL BE HELD AT THE NORTH END, ON THE FIRST FLOOR OF THE BUILDING.

While Lincoln High School is not an elementary school facility, our grades 3 through 5 students will find their classrooms at the north end of the building to be accessible and functional for their summer courses. Students will be supervised at all times and will have access to only areas at the north end of the building. Parents will find easy access to the school from the north staff parking lot door. Questions regarding the summer school location may be directed to Tim Bruns, summer school principal at 715-424-6766.

Please note students need to be registered for the grade they are in for the 2018-2019 school year; they do not advance during summer school.

No 4-Year-Old Kindergarten courses offered

PRIMARY CLASSES (“P”) K-2nd graders at Grove Elementary School

INTERMEDIATE CLASSES (“I”) 3rd-5th at Lincoln High School

DATES FOR ELEMENTARY SUMMER SCHOOL:

Session I: Monday, June 17 to Wednesday, July 3 (No School July 4 and July 5)

Session II: Monday, July 8 to Friday, July 26

CLASS TIMES (unless otherwise noted): 8:30-10:00 a.m. and/or 10:15-11:45 a.m.

ONLINE REGISTRATION/CLASS SELECTION INSTRUCTIONS

Online registration is only available to WRPS students/families who have Family Access accounts. Non-WRPS students will be provided separate instructions about online registration, or should plan to register during one of the Open House registration nights (see page 6).

Logging into Family Access:

- I q"vq"y y y Qy tr uQti "

Please print the schedule and have your child bring it on the first day of summer school.

You can change classes during the time period that Arena Scheduling is open, class size permitting. Just choose the period and session you would like to change and use the Remove button to remove the class and then the Add button to add a different class.

Registration Open Houses & Enrollment Center

WRPS students can register online or at any of the locations listed below. Non-WRPS students, or students who do not live in the WRPS school district need to register with the instructions provided to them, or at one of the locations below.

The District reserves the right to cancel any classes that do not have an adequate number of students registered for the course, or for which a certified teacher cannot be hired. The exact times for each of the courses will not be set until after all of the registrations have been completed.

Students need to register for the grade they were in during the 2018-2019 school year. They do not advance during summer school.

If a parent does not have access to a computer or has difficulty using the online registration instructions, assistance will be provided at the following locations and times.

Parents may register their children at any of the following locations listed:

WALK IN REGISTRATION SITES:

Mead Elementary: (Computer Lab)	Thursday, March 7	3:30-5:30 p.m.
Howe Elementary: (Computer Lab)	Tuesday, March 12	3:30-5:30 p.m.
Enrollment Center (311 Lincoln St.)	Starting April 1	8:30 a.m-3:30 p.m.

(Enter building from Lincoln Street front door)

PRIMARY ENRICHMENT COURSES (GRADES K, 1, 2)

ART

P-1 VISUAL ARTS (K-2) Both Sessions: 8:30-10:00 or 10:15-11:45

A course for students interested in art. The course will encompass a sequence of activities involving creating, drawing, sketching, and painting to create and design original masterpieces. Students will use a variety of media.

COMPUTER STUDIES

P-5 KIDZ COMPUTERS TOO! (Gr. 2) Both Sessions: 8:30-10:00 or 10:15-11:45

Come explore the tech world for kids! Learn everything you need to know about Google accounts, keyboarding skills, online media resources, fun games and much, much more!

P-30 PICTURE IT (K-2) Both Sessions: 8:30-10:00 or 10:15-11:45

Want to learn how to take pictures and create images using computer programs and technology? This class will use your imagination while learning how to make interesting pictures and designs.

MUSIC

P-7 SING, DANCE & PLAY (K-2) Both Sessions: 8:30-10:00 or 10:15-11:45

Students will explore a variety of musical concepts, including: folk dance, music “play” songs, lots of singing and playing instrumental accompaniments to songs.

MATH

P-8 IT PUZZLES ME (1-2) Both Sessions: 8:30-10:00 or 10:15-11:45

Have Fun! We will use a wide assortment of puzzles: Word, Math, Hidden Pictures, Treasure Hunts with clues, 3D jigsaw puzzles and many more. Learn teamwork, creative thinking, following steps and procedures all while having fun working with puzzles.

P-9 ACTION MATH (K-2) Both Sessions: 8:30-10:00 or 10:15-11:45

This course is intended to expose students to a wide variety of number situations. Activities will include the use of games, investigations, and direct instruction of basic math concepts (number order, number patterns, addition, subtraction, and more). Students learn best by doing, and this class will provide the activities that will help them to become an active math user!

READING, LANGUAGE, AND CREATIVE EDUCATION

P-2 READING ARTIST (K-2) Both Sessions: 8:30-10:00 or 10:15-11:45

Each day children will be captivated by beautifully illustrated and written literature. An array of interesting art projects will be created to enhance their enjoyment of the books. This class is designed to encourage a love of reading in our youngest readers.

P-3 LITERATURE CAMP (1-2) Both Sessions: 8:30-10:00 or 10:15-11:45

Lit Camp is a fast paced, interactive experience which will keep our young reader’s reading and writer’s writing. Students will learn to read, write, speak, and listen through activities centered around six key strengths: friendship, kindness, curiosity, confidence, courage, and hope.

PRIMARY ENRICHMENT COURSES (GRADES K, 1, 2)

P-4 FIRST GRADE READERS (Gr. 1) Both Sessions: 8:30-10:00 or 10:15-11:45

Participation in this class is limited and is by teacher invitation only. This class will offer small group reading intervention for first graders. It will include reviewing reading strategies, shared book reading, self-selected reading, writing, and “making words.”

P-12 FOREIGN LANGUAGE (Gr. 2) Session I only: 8:30-10:00 or 10:15-11:45

Students will have the opportunity to learn Spanish, German, and French. Spanish students will learn a variety of vocabulary through bilingual stories and songs. German students will discover words they already know and learn this country’s foods and colors. French students will learn animal names, play French bingo, and ride in the Tour de France.

P-17 TASTY TRAVELS (1-2) Both Sessions: 8:30-10:00 or 10:15-11:45

Discover the wonders of the countries of the world. You'll use your passport to enter each country, read about their cultures, learn interesting facts, play games, make artwork and crafts, and cook foods from each country. You'll discover the history of their flags and each country's place in the world. You'll even make a recipe book to take home, so you'll be able to cook for your family. If you like an adventure, this delicious voyage is for you! Please be aware that if your student has food allergies or a food intolerance, these classes do use a variety of foods including dairy products, fruit and vegetables. Please make the school aware if they do have food allergies or a food intolerance.

P-18 THE “COOL COOK” (K-1) Both Sessions: 8:30-10:00 or 10:15-11:45

This class is offered to our younger students who are interested in learning to create some delicious snacks, while learning to follow recipes. The snacks will require “cool” cooking techniques which are appropriate for our younger students. Please be aware that if your student has food allergies or a food intolerance, these classes do use a variety of foods including dairy products, fruit and vegetables. Please make the school aware of food allergies or a food intolerance.

P-24 FIRST “FUNTASTICS” (Gr. K) Both Sessions: 8:30-10:00 or 10:15-11:45

This class is intended only for Kindergarten students entering first grade in 2019-2020 school year. Students who participate in this class will experience a wide variety of activities at their level, including: reading, writing, creating books, science, and social studies. Students may participate in one other class during both the first and second sessions of summer school.

PHYSICAL EDUCATION

P-37 GAME PLAY (K-2) Both Sessions: 8:30-10:00 or 10:15-11:45

Students will have the opportunity to play a variety of indoor and outdoor games. The students will improve their fitness level, gross motor skills, problem solving, mathematics, and language arts. The games will focus on teamwork, cooperation, sportsmanship, and FUN!

PRIMARY ENRICHMENT COURSES (GRADES K, 1, 2)

SCIENCE

P-16 AMAZING ANIMALS (K-2) Both Sessions: 10:15-11:45

Animals come in all shapes and sizes from the largest whale to the smallest insect. Each one has an amazing story about how they live and interact with people. Students in this course will investigate the unique and exciting lives of animals from all parts of the world. Students will read, write, draw, and share all they learn about our animal friends.

P-28 DOWN IN THE DEEP (K-2) Both Sessions: 8:30-10:00 10:15-11:45

Learn about ocean life: whales, dolphins, starfish, sharks and many more. We will read and make books, learn songs, paint, and do different art projects to make our classroom look like the ocean.

P-29 DINOSAUR PARK (K-2) Both Sessions: 8:30-10:00

This is a study of the land of giants and monsters during an era before we even measured time. Join this group and become acquainted with the Stegosaurus, the Brontosaurus, the Tyrannosaurus, and many more.

P-32 WEIRD SCIENCE (K-2) Both Sessions: 8:30-10:00 or 10:15-11:45

This course will focus on a wide variety of hands-on activities. Students will be actively involved in problem solving and discovering the science process.

P-34 OUTER SPACE ADVENTURES (K-2) Both Sessions: 10:15-11:45

Would you like to travel to another planet? Come and explore space as we travel to all planets in the solar system, invent new constellations, and tell stories of our travels. We will be writing stories, making craft projects, reading books, and doing finger plays as we explore the unknown.

INTERMEDIATE ENRICHMENT COURSES (GRADES 3-5)

ART

I-1 CRAFTY ARTIST Both Sessions: 8:30-10:00

Interested in a course offering artistic adventures? This course will encompass activities involving drawing, sketching, painting, and creating. Students will also learn to enjoy the “art” of crafting. Make exciting items for your bedroom and home using some unusual art materials.

I-44 GREAT AMERICAN SCULPT-A-THON Both Sessions: 10:15-11:45

Students will learn about the three dimensional art of sculpting. While in class students will explore different media including, but not limited to, paper maché, ceramics, wire and junk. If weather permits, we will create sculptures outdoors using objects found in nature. This hands-on course will build fine motor skills, include team building activities, and promote social interaction while discovering the wonders of art. If you like art, you won't want to miss this opportunity.

HOME & FAMILY

I-24 SEW WHAT'S NEW (Only 5th, 6th, 7th Grade Students) Session I: 8:30-11:30

Learn to operate a sewing machine and sewing basics including hand sewing techniques, straight machine sewing, reverse, pivoting, working with buttons and zippers, and then create several projects which include a hand-sewn monster with button eyes, pocket pillow, pillowcase, beach towel bag, lounge shorts, a large drawstring bag, zipper coin pouch, and a rag/denim recycle project. Required materials include 2 spools of thread; one white and one black. **Cannot Repeat Course.**

I-25 QUILTING (Only 5th, 6th, 7th Grade Students) Session II: 8:30-11:30

Quilting is more than a bed cover. Basic features of making a quilted project include the use of batting, fabric, marking tools, and making accurate 1/4” seams. Once the basics are covered, application of these techniques will be used to create a variety of projects. Some of the projects include a tie lap quilt, mug rug, pillow top, snap bag, and a quilted stuffed animal. Some techniques included in making these projects are 4 and 9 patch squares and half-square triangles. Required materials include 2 spools of thread; one white and one black. **Cannot Repeat Course.**

ANIMATION & COMPUTER SKILLS

I-4 LEGOMANIA Both Sessions: 8:30-10:00 or 10:15-11:45

Students participating in this course will utilize their creative thinking and problem solving skills to create a variety of STEM projects using legos and other materials. Students will design a LEGO Rocket Car, create a Rube Goldberg (Chain Reaction) machine, learn coding to create computer games, and participate in a variety of other creative hands-on activities.

I-9 STOP MOTION ADVENTURES Both Sessions: 8:30-10:00 or 10:15-11:45

Are you creative? Do you like to take pictures and create animations from them? In this class you will create short videos from pictures taken by you!

INTERMEDIATE ENRICHMENT COURSES (GRADES 3-5)

ANIMATION & COMPUTER SKILLS

I-10 MINECRAFT Both Sessions: 8:30-10:00 or 10:15-11:45

Minecraft is an open-world game that promotes creativity, collaboration, and problem solving in an immersive environment where the only limit is our students' imagination. Students will explore on their own, but also be guided through specific lessons maximizing their creativity and learning.

I-41 ROBOTICS Both Sessions: 8:30-10:00 or 10:00-11:45

Students will utilize teamwork, creative thinking, and problem solving to design and program wireless LEGO machines using the latest in LEGO technology - NXT Mindstorms 2.0. They will also experience different aspects of engineering design and enhance their understanding of coding. This class is perfect for students who enjoy hands-on learning.

FOREIGN CULTURE

I-7 BEGINNING SPANISH Session I ONLY: 8:30-10:00 or 10:00-11:45

“Bienvenidos actores y actrices” (Welcome actors and actresses!) As we prepare a modern version of the play “Goldilock y los Tres Osos,” we will learn new vocabulary to describe rooms and items in the house. Discover differences and similarities between houses in Spanish speaking countries and the United States. Work in small groups to create and decorate scenery. Modify the lines of the play to use Spanish to describe the unique home your group creates while you retell the story of Goldilocks. Create invitations and make “limondata” for the audience who will attend our live performance on the last day of class.

MATH

I-11 SLOWING THE SUMMER SLIDE (Gr. 4-5) Both Sessions: 8:30-10:00 or 10:15-11:45

Has your 4th or 5th grader struggled with knowing their multiplication and division facts well? Students can lose or “slide” in mathematical computation skills after the summer months. This class will offer practice and reinforcement of multiplication and division basic math facts through a variety of hands-on learning activities to slow the summer slide.

I-12 EVERYDAY MATH Both Sessions: 8:30-10:00 or 10:15-11:45

Students will learn math using a variety of “hands on” activities and computer technology to maintain, catch up, or enhance their skill level in mathematics. Students will experience the “real life” math skills involved in their daily lives.

I-15 PERPLEXORS Session II ONLY 10:15-11:45

Do you like the challenge of solving puzzles, working with numbers, creating and designing, and using unusual objects to solve problems? You will love this class! Study entertaining problems that require deductive reasoning, logical elimination and math skills. Using clues, cross off words in a list of all possible answers to arrive at a solution.

SOCIAL SCIENCE

I-17 AROUND THE WORLD IN FIFTEEN DAYS Both Sessions: 8:30-10:00

Pack your bags! Get your passports ready. Travel from Africa to Australia, the North Pole to Antarctica, from Europe to South America. Taste the native foods, learn their games, practice a bit of the language, listen to the folk tales and music from countries all over the world. Experience the culture and learn about the wildlife as we travel to a different country every day.

INTERMEDIATE ENRICHMENT COURSES (GRADES 3-5)

READING

I-21 READER'S THEATRE Both Sessions: 8:30-10:00

This class is intended to assist students in the development of “fluency” as they read. Students will assume the role of specific characters as they read selected plays. As the plays are read and shared with their classmates, students will be practicing their ability to read fluently while enjoying some great plays and some humorous moments together. This class is not intended to be a “performance” class. No plays will be put on for other classes or parents.

SCIENCE

I-8 THERE SHE BLOWS! PUTTING WIND POWER TO WORK Both Sessions: 10:15-11:45

This class will teach students the science behind engineering various types of technologies. Children are bombarded with hundreds of types of technology. If asked, children would quickly name off all of the electronic technologies they use in a day. However, this course will demonstrate to them that not all technology is “electronic.” In this class, students will investigate the many other types of technologies in existence and learn the engineering that goes on in their development. They will specifically investigate wind energy, and will brainstorm, design, create, test and improve their own windmill.

I-23 FLIGHT! UPTIGHT POWERED AIRPLANES Session I ONLY: 10:15-11:45

Higher, faster, farther...rubber-band powered gliders will get you both uptight and excited. We may have flown to other planets and are now stretching the boundaries of our universe, but we still have a long way to go before we have mastered the science of “Flight.” Students will build rubber-band powered gliders and compete against each other's designs. We will take a look at flying machines of the past and design some for our future! This is a “hands-on” course that will make your dreams soar!

I-30 ROCKETRY Both Sessions: 8:30-10:00 or 10:15-11:45

Students will begin the class by designing and building their own miniature straw rockets and learn about what makes rockets fly!! Just like early rocket pioneer Robert Goddard, they can conduct scientific experiments by varying the trajectory angle and launch energy. They will progress to the creation of bottle rockets and the development of a rocket of their own design. The culminating project will include the construction of a model rocket and launch. Students may be required to provide a model rocket or may be charged an additional fee to purchase materials used in this portion of the class. This is a “hands-on” class that offers you an opportunity to design, build, and soar into the clouds!

I-34 A HEALTHY YOU Both Sessions: 8:30-10:00 or 10:15-11:45

Are you interested in medicine? Thinking about being a doctor, nurse or health care helper? A Healthy You will explore the world of medicine, provide some basic first aid skills, and take a tour of our local hospital or clinic. Wonder why some foods are better for you than others? How a proper diet or exercise can keep you fit and in shape will be learned.

PHYSICAL EDUCATION/LEISURE

I-18 GEOCACHE Both Sessions: 8:30-10:00 or 10:15-11:45

In search of that great hidden treasure? Geocaching is a fast developing sport using the GPS device (Global Positioning System) to help you locate yourself or most anything else on Earth. Fascinated with the commercials on TV (“Tom Tom”) demonstrating how to find your way from home to your next vacation site? Geocaching will teach you how to use the modern day compass (GPS) and to enjoy yourself while you are learning. Find hidden caches and bury some of your own! This is a “hands-on” class that takes you out into nature. Be an adventurer!

INTERMEDIATE ENRICHMENT COURSES (GRADES 3-5)

I-31 DISC GOLF, SOCCER, BIKING Session I ONLY: 8:30-10:00 or 10:15-11:45

(Toss, Swing, Peddle) This class will get your child moving through three separate activities designed to provide arm, foot, and leg experiences. Partner and team play will highlight disc and soccer lessons. A bike rodeo may conclude our biking session.

I-32 TENNIS, BOWLING, CURLING Session II ONLY: 8:30-10:00 or 10:15-11:45

(Swing, Roll, Push) This class will give your child a chance to learn and play lifelong sports of tennis, bowling, and curling. Each sport can become an enjoyable activity for life! Field trips to area locations will conclude each sport.

I-35 MINI ADVENTURES Both Sessions: 8:30-10:00 or 10:15-11:45

Students will be exploring for hidden treasures in the community. Mini courses taught by community volunteers will be the basis for this class. Field trips, speakers, hands-on experiences, and exploration are the things to expect in this class.

I-37 FUN AND GAMES Both Sessions: 8:30-10:00 or 10:15-11:45

You will participate in both indoor and outdoor activities. These activities will involve a variety of intramural games with emphasis on "FUN." Students will also have the opportunity to enhance their motor skills, social skills, health, and physical fitness, along with improving their throwing and shooting skills.

I-39 BULLSEYE ARCHERY Both Sessions: 8:30-10:00 or 10:15-11:45

Students will be taught the lifelong sport of archery using the NASP (National Archery in the Schools Program) shooting style. They will be learning a great sport which puts athletes and non-athletes on a level playing field. Both boys and girls are welcome to join! After the course students will know the 11 steps of archery success and will have a foundation to continue to participate in archery as they become adults, if they choose! Bows, arrows, targets and all other equipment will be provided for the students. The instructor is certified NASP instructor.

I-40 LIL SPIKERS VOLLEYBALL Session I ONLY: 8:30-10:00 or 10:15-11:45

Do you want to learn all about volleyball? Bring your tennis shoes and a positive attitude! Learn how to pass, set, spike and serve a volleyball. Gain confidence as an athlete and work together with teammates to become stronger and faster. Be ready for fun and a competitive atmosphere. Suggested attire: tennis shoes

ANNOUNCING!

NEW - ONLINE SUMMER SWIM & GYMNASTICS REGISTRATION

A new online registration process for summer swim and summer gymnastics classes will be available to parents this year. A NEW separate swim and gymnastics booklet will be distributed the last week of March. The online swim and gymnastics registration period will be April 1-19. A walk in registration will still be held on Saturday, April 27, at the PAC.

WATCH FOR THE NEW SWIM/GYMNASTICS BOOKLET COMING IN MARCH!
