Drug Task Force**

Prevention, Education & Support

A PATH TOWARDS **PROGRESS**

PART 3:

**PRESCRIPTION DRUG ABUSE AND
ALTERNATIVES TO PRESCRIBING**

The Wood County Drug Task Force invites you to attend *Prescription Drug Abuse and Alternatives to Prescribing*. Hear how the opioid epidemic has affected prescribers and learn why there has been a shift in the way medications are being prescribed. Learn more about these alternative therapies and why your loved ones, and the community, need our support to embrace these alternatives that are replacing prescription pain medications.

PRESENTATION & SPEAKER

Dr. Doug P. Galuk, MD
Wisconsin River Orthopaedics

“My best quality as a practitioner is the joy I have in doing the job for which I was called by God to do. This joy brings

energy and excitement to every facet of my day and even gives me strength as I work in the most rewarding job in the world”
