

Patricia Larsen

Connie Henke

Art Educators Recognized as “Teacher of the Year” by W.A.E.A.

The Wisconsin Art Education Association has announced that two WRPS employees have received their *highest recognition*. The W.A.E.A advocates for Art Education in our schools and recognizes art educators across the state for their involvement in the arts and education. Each year, one educator is picked for divisional awards. This year, Wisconsin Rapids employees took home two of these prestigious awards! Patricia Larsen was awarded “Art Teacher of The Year” and Connie Henke was awarded “Elementary Art Teacher of the Year.” Both will receive their award in October at the Art Education Convention in La Crosse, Wisconsin. ***Congratulations!***
