

Rapids DECA Trick-or-Can

Each Halloween, the Lincoln DECA chapter goes trick-or-treating for non-perishable food items. Chapter members dress up in their favorite costumes. Then, members are divided into teams of four and compete against one another to see which team can collect the most items. The winning team that collects the most food items from our community wins a prize. Our Wisconsin Rapids area neighbors get the chance to interact with Rapids DECA students, and seem to enjoy getting involved in this program that offers a way to give back.

Rapids DECA was able to collect **over 3,000** items to be donated to SWEPS, our local food pantry! Our students were able to do something good for the community while also having fun, and share a bit about the DECA program which develops and prepares emerging leaders.
