

THINK ACADEMY WELCOMES VESPER STUDENTS IN TRANSITION DAY

To help the transition for students moving from Vesper to Rudolph in the 2018-19 school year, THINK Academy and Vesper Community Academy had a combined "Moving Up Day" and special track meet which was held at THINK Academy at the end of May.

Students got the chance to meet their teachers for next school year. They ate lunch together on the lawn at THINK and participated in a combined track meet all day. One very special activity they enjoyed together was the planting of a Silver Maple tree on the school grounds. A pail of soil from the campus of Vesper Community Academy was used as part of the planting. This was a symbol of the two schools merging into one school, and working together to continue growing. It was a great day of sharing and forming new friendships!
